## Gonn Bro's.

W B Burton sold to Dr C G Ellison, of Williamsburg, a very fine saddle horse for \$250.00.

As the pastor will not be here next Sunday, there will be no preaching at the Presbyterian church Sunday morning or evening.

Monday was cool and dusty, making it quite disagreeable for the small crowd here to county court. Business was only fairly good with both trader and merchant.

The fountains will serve ice cream soda this summer, but the price has been placed at ten cents a glass. When properly served, and with plenty of cream the delicious mixture is well worth ten cents.

### Will Address Ladies.

Miss Lucy McCowan, of Louisville, will address the ladies of the Presbyterian church, on missionary work, next Sunday afternoon. All are especially urged to be present.

### Excursion Sunday.

The L and N will run another excursion to Cincinnati next Sunday morning, train leaving Lancaster at 5 o'clock. The fare will be \$1.75. The train will arrive in Cincinnati about 10:30, and will leave about 7:30 that night, giving all day in the city.

### Flowers Are Scarce.

Flowers for decoration purposes are unusually scarce this Spring. The late frosts materially curtailed the production of many hardy Spring flowers, and the hardy Spring roses, which are usually blooming in abundance at this time, have not yet begun to bloom.

### Will Decorate Graves.

The U D C, will hold memorial services at the Cemetery at two o'clock, June 3rd, decorate graves, and confer crosses of honor to twelve surviving veterans. Hon Wm J Price, of Danville, will deliver an address. Everybody cordially invited.

### A Good Move.

The War Department will award within a few days the contract for 20,000 white marble headstones to mark the graves of Confederate soldiers and sailors who died in Federal prisons and military hospitals in the North during the Civil war and who were buried near the place of their confinement.

### A Dog Is Property.

A Jessamine county man has brought suit against the L and A Railroad for one hundred dollars for killing his dog. He claims that he pays one dollar tax on his dog, which is the same as he pays on one hundred dollars worth of other property and hence his dog should be valued at that sum.

### Can Not Accept Work.

Under an amended ruling of the Court of Appeals it is illegal for a magistrate to accept any work on the county roads, even though he works under and through the road supervisor. The court holds that the contract is with the county in effect, and that such a ruling as had previously been laid down would open the door for graft, if the Fiscal Court should be dishonest.

### Look Out For 'Em.

Hotel keepers, merchants and other advertisers should look out for fake "ad" agents about this time of year. A number of new "skin" games are being worked in different parts of the State by these fellows who find easy victims among men who have not studied the science of advertising and who are prone to doubt the honesty of a home man, but trust the smooth-tongued fakir.

### Due In June.

The thirteen-year locust, which made its last appearance in 1894, is due throughout the South next month. The Department of Agriculture is sending to its agents orders to carefully report upon the territory it covers, and other matters of interest. The brood of this year is expected to be large. The first record of it relates to its occurrence in 1803, and it has been recorded every thirteen years since.

### Farris Nominated.

The race between Senator George T Farris and John Bogie, for the Democratic nomination for representative, was a very hot one, every inch of the ground being thoroughly covered by the candidates and their friends. The election passed off without any trouble however. Senator Farris was nominated by the close margin of seven votes. The Republicans have not yet selected a candidate but one will likely be nominated soon.

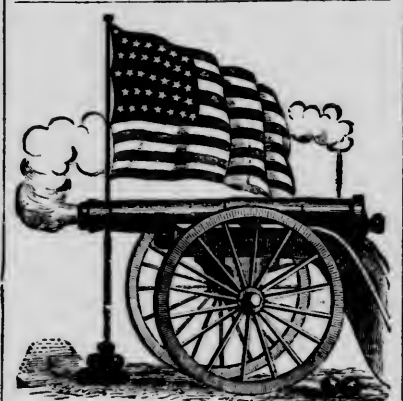

### An Ounce of Prevention.

We notice that the Commercial Club of Louisville has taken active steps to have the City sprinkle the streets in order to prevent disease, and for the benefit of the public health. Scientific investigation has established the fact beyond all doubt that dust is one of the great carriers of fatal diseases, such as consumption and typhoid fever. The Record suggests that Lancaster follow the example of Louisville, and some arrangement be made where by the Public Square will be kept well sprinkled and the germs of tuberculosis and typhoid fever which have been deposited in the dust be prevented from being blown into the lungs, throats and stomachs of our people, and many be saved from falling untimely graves by disease that spread by the dust and filth on the Public Square.

## Hotel Will Be Built.

The Necessary Money Subscribed and Committees are Today Preparing Final Papers

Work Will Be Pushed Rapidly.

Every man, woman and child in Lancaster and Garrard county has cause for rejoicing and being exceedingly glad. The necessary money has been raised and a modern, up-to-date hotel will be erected at once. It was a hard struggle, but energy and public spirit won. The hotel will be erected on the old site, covering all the ground formerly occupied by both hotel and opera house, thus making a much more roomy and convenient hotel. Attorneys R H Tomlinson, Lewis L Walker and J E Robinson were appointed a committee, at last night's meeting, to draw articles of incorporation, and other committees appointed to select name and attend to other matters necessary. This will be arranged at tonight's meeting, and in next issue of The Record you will read of the final plans. All honor to Lancaster's public-spirited citizens! We're out of the woods, so let's give three cheers and a tiger!

### Some Wise Guys.

We understand several fellows criticised the quality of paper the ballots for Saturday's election were made of. If these wise guys will devote more time to posting up on such matters, and less to criticism, they will learn that the paper for ballots is furnished by the State, and the quality is fixed by law. The paper used Saturday was cut from the end of that sent to Garrard county for a state election. Go soak your heads, ye wise guys. Don't be so free with your comment, as you invariably make the display the monkey did when he climbed the pole.

### Mr Beazley Injured.

One night last week, while on Dix river cliffs looking for Hocker, the negro murderer, Chief of Police Jas A Beazley lost his footing and fell to the ground, striking on a large rock. He was painfully injured but able to be brought to town. When he reached home he began to vomit blood, and the doctors worked some time to check it. He has been confined to his bed for several days, but, we are glad to say, is much better now. He was with his deputy, Mr Herron, the latter assisting him to town. The accident is deeply regretted by Mr Beazley's legion of friends. He is one of the best officers in the state, and his work in stamping out blind tigers in Lancaster has attracted wide attention and many compliments.

### More Hands Leave.

Six more colored men left this week to work in the L and N shops at Covington. Last week, ten left for Tennessee where they will work on a new rail road. We have been trying for some time to learn the cause of the exodus of colored men, and believe we found it yesterday when a man here from Covington for the purpose of securing hands told us he received "a dollar a head for every hand" he secured for different concerns in the cities and different parts of the country. It seems that there are men who make a business of going to the country towns, telling the hands of the wonderful advantages and big money to be received and thus lure them away. When once they get a taste of city life they never want to leave, and frequently work for much less and live harder than when in the country, but they never come back. This is working a great hardship on the farmers, as it is now almost impossible to get hands to do any kind of work. It would be a good idea to tar and feather a few the "agents" sent out after these hands.

### PRICE.

After a lingering illness, Mrs Harriet A Price, died at her home, on Richmond pike, Tuesday night. Mrs Price was the widow of the late Napoleon B Price, one of Garrard's most prominent, influential citizens, and was widely-known throughout the county. Her many acts of kindness and lovable disposition made her a great favorite among the people and her death is deeply deplored by the entire community. Early in life she united with the Christian church and was a devoted and zealous member thereof. She leaves the following children to mourn her loss: T J, Ed, W A, N B, Dr A L Price and Mrs Price Grant, who have deep sympathy in their great loss. The funeral will be conducted at the home this (Thursday) morning at ten o'clock, Eld F M Tindler officiating, the interment taking place at the Lancaster Cemetery.

An entertainment for the children will be given at the Fork church 2nd Sunday morning in June, the work will be superintended by Mrs Shouse who has had much experience in this phase of church work, and a very nice program for the occasion is expected.

Rev Henry Shouse has just returned from old historic Richmond Va, where he went as delegate to the Southern Baptist Convention, the largest organized body in the United States. He also visited Jamestown, Old Point and other places of interest before returning home.

The local Christian Endeavor of the Pleasant Grove church met last Sunday afternoon which was called an "Echo of the Paris Convention." In response to a call from the pastor Misses Lillie Leavelle, Georgia Dunn and Mae Robinson made short talks on impressions received at the State Convention. The pastor Rev Homer Carpenter made a very enthusiastic talk 20 minutes on the work.

### Notice.

# NO MAN DELIBERATELY BUYS POOR CLOTHING

he thinks they're good. Worth the money, or he doesn't want them. Just the same, lots of men are paying their good money for cheap cotton-mixed goods and they think they're being real economical because they get such clothes for a little less than all-wool would cost. This cotton-mixed stuff is certainly very deceiving; even expert clothing men find it difficult at times to tell whether or not a fabric has cotton in it. As for the inexperienced wearer, we've seen fabrics that looked good enough to sell at \$20 for the suit that were at least 60 per cent. cotton; really worth about \$6 the suit.

You get no such "flim flam" here; we know what Hart Schaffner & Marx clothes are; so do you. The makers have left no doubt about it. They say "all wool" and live up to it.

The marriage of Miss Lizzie Morgan Hudson, daughter of Mr and Mrs B F Hudson, and Dr Marshal K Denny was celebrated Wednesday morning at the Hudson residence, on Danville street. Only immediate relatives and a few close friends were present. Rev C C Brown, pastor of the Presbyterian church, performed the ceremony. The beautiful home was artistically decorated with potted flowers, ferns, palms and white roses. Miss Helen Gill played the wedding march in an artistic manner. The attendants were Miss Katie Lee Denny and Mr Charles Collier, of Middlesboro. The bride wore a going-away gown of blue voile with tau shoes, gloves and a stylish hat. She is an unusually attractive and accomplished young woman, and very popular with her wide circle of friends. Dr Denny is a son of Mr and Mrs James N Denny, and is a young man of ability and industry. He is a leading dentist and has a bright future. Immediately after ceremony, the happy couple left for a trip to several Eastern cities, after which they will return and begin keeping house in the residence of Mrs Susan Fisher, on Lexington street.
